Sir:

Regarding the above identified patent application and responsive to the Notice to File Corrected Papers dated 01/26/2004, please note the indicated enclosures and note the corresponding remarks.

Enclosures:

- (1) 4 sheets of informal drawings;
- (2) a copy of the Notice to File Corrected Papers dated 01/26/2004.

**REMARKS**

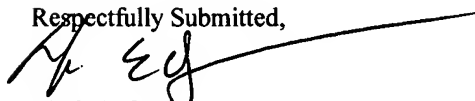

In the above identified Notice to File Corrected Application Papers, the examiner has requested replacement drawings noting that the line quality is too light.

In response thereto, please find enclosed four replacement sheets of drawings in which the line quality has been darkened.

Please note that the inventor's last name is "Beverly". Proper correction by the U.S. Patent Office is corrected to reduce future confusion.

It is respectfully submitted that the application is in proper form for filing and should be advanced to examination on the merits.

Respectfully Submitted,

  
Mark E. Ogram
